

Associate Prosthetist / Orthotist Certificate

ISPO Cat II Full Profile

Dear colleagues,

Thank you for your interest in our Associate Prosthetist/Orthotist (APO) educational program delivered in the blended learning format!

The purpose of this brochure is to provide you with comprehensive information about the educational program in which innovative and contemporary educational approaches are used for high-level training in prosthetics and orthotics.

In this brochure you will learn about the duration of the program, specific blended learning methodology, conditions and requirements for participation and other information that will help you to better understand how you can benefit from this educational opportunity.

Our mission in Human Study is to make it possible for you to study and progress professionally without having to leave your job or home for extended period of time. With our programs, you will be more efficient at work and you can study from anywhere at anytime.

If after reading this brochure you still need more information, please do not hesitate to contact us. We look forward to hearing from you!

The contact information is listed on the last page of the brochure.

*Kind regards,
Christian Schlierf
Managing Director*

Associate Prosthetist / Orthotist Certificate

ISPO Cat II Full Profile

The Human Study educational program for qualification on the Associate Prosthetist / Orthotist level is accredited by the International Society for Prosthetics and Orthotics (ISPO) since 2010. The program encompasses training and education in all areas of prosthetic and orthotic sciences covering the full professional profile in prosthetics and orthotics.

Program is delivered to students as a blended distance-learning education, meaning that it effectively combines online part of education (eLearning via Internet) with onsite practical training (workshops).

In 15 years since the founding of Human Study, we have educated over 350 students coming from 25 countries and 4 continents. We have made it to our mission to make continued professional education and qualification in prosthetics and orthotics available to anyone in the world.

By joining our program you will be able to:

- ACQUIRE ISPO ASSOCIATE PROSTHETIST / ORTHOTIST ACCREDITATION (CERTIFICATE)
- LEARN THE BEST AND LATEST PATIENT MANAGEMENT PRACTICES IN PROSTHETICS AND ORTHOTICS
- ACQUIRE KNOWLEDGE AND SKILLS IN ALL AREAS OF PROSTHETICS AND ORTHOTICS
- BECOME AN EQUAL MEMBER OF A MULTIDISCIPLINARY PHYSICAL REHABILITATION TEAM

ADVANTAGES OF OUR PROGRAM

Our program for qualification on the Associate Prosthetist/Orthotist level presents a unique comprehensive education in prosthetics and orthotics, with a curriculum specially designed for people on the job. What is more, you will be able to combine your daily work with patients and your studies to gain the most benefit out of this program. Our curriculum will enable you to immediately apply the newly acquired knowledge and skills in your work with patients.

You can study at any time, at the comfort of your own office or home

You will study parallel to your work in the clinic/workshop

You will keep your employment and benefit both your patients and your employer

You will improve your performance at work by immediately applying the learned knowledge

You may be able to upgrade from your single discipline qualification to the full

Associate Prosthetist/Orthotist profile

ENTRY REQUIREMENTS

- ◆ Certificate/diploma of the highest level of education completed (scanned copy in PDF format)
- ◆ Minimum three years of experience in P&O (working with patients)
- ◆ Employment at a P&O workshop or clinic (working with patients)
